- New spaces for studying and group projects
- Enhanced technology and connectivity
- Flexible seating and space for events

## New Group Study/Meeting Rooms

- Collaborative study and meeting spaces
- Enhanced meeting technology
- Available by reservation or drop-in

# Georgina Cole Library Redesign and Modernization

The Georgina Cole Library on Carlsbad Village Drive will get some special attention starting this fall, with a redesign and modernization project that will enhance the library as a community gathering space, upgrade technology to improve access to services and information, and create a more flexible space to meet current and future service needs.

Construction is scheduled to begin in late summer 2015 and will require the library to be closed for several months. During this time, the Carlsbad City Library Learning Center across from Holiday Park will be open additional hours, including weekends. Carlsbad City Library on Dove Lane will also remain open and construction at that facility won't begin until work on Cole Library is complete.

## Timeline
